18th European Congress of INTERNAL MEDICINE

29-31 August, 2019
Lisbon

President of ECIM 2019: Luís Campos, Lisbon, Portugal
EFIM President: Nicola Montano, Milan, Italy

Innovation in Health Care: New Opportunities for Internal Medicine

Scientific Program

www.efim.org/ecim2019
Join us for the 18th European Congress of Internal Medicine in Lisbon 2019!

Dear Colleague,

On behalf of the European Federation of Internal Medicine, it is our pleasure and privilege to invite you to the 18th European Congress of Internal Medicine, which will take place at the Lisbon Congress Centre, from 29 to 31 August 2019.

The theme of the congress is “Innovation in Health Care: New Opportunities for Internal Medicine”. The choice of this theme was motivated by our belief that the demographic evolution, super-specialization trends in medicine and the escalating healthcare costs underscores the importance of a specialty with the characteristics of internal medicine, including the broad scope, patient-centred care and cost-conscious approach.

We have created an exciting program that balances challenging clinical topics with emerging innovations in medical care related to the theme of the congress. Excellent speakers will update our knowledge in a wide spectrum of areas in internal medicine and open new horizons for our specialty.

ECIM 2019 will also provide an excellent opportunity to share successful experiences and network with peers.

Voted as Europe’s leading destination, Lisbon is a trendy multicultural and multi-ethnic city with a unique light, beautiful buildings and streets, and excellent food and wine.

Throughout its history, Lisbon has been a point for convergence of civilizations. It is our wish that ECIM 2019 will be the meeting place for all internists across Europe and worldwide.

Welcome to ECIM 2019 in Lisbon! We will make you will feel at home!

Nicola Montano, MD, PhD
EFIM President

Luís Campos, MD, MSc, FACP (Hon)
President of ECIM 2019
COMMITTEES

President of ECIM 2019
Luís Campos, Portugal

EFIM President
Nicola Montano, Italy

EFIM Executive Committee
Nicola Montano | President, Italy
Dror Dicker | President Elect, Israel
Runólfur Páisson | Immediate Past President, Iceland
Xavier Corbella | Secretary General, Spain
Valentin Kokorin | Treasurer, Russian Federation
Daniel Sereni | FDMIE President, France
Alberto Marra | Young Internists Chair, Italy
Ieva Ruza | Young Internists Past Chair, Latvia
Reinold Gans | President UEMS section of Internal Medicine, The Netherlands

Local Organising Committee

LOCATION AND CONGRESS VENUE

Lisbon

The capital of Portugal lies on the north bank of the Tagus Estuary, on the European Atlantic coast. It is the westernmost city in continental Europe. Greater Lisbon has an area of approximately 1,000 km².

The city lies more or less in the centre of the country, approximately 300 km from the Algarve in the south and 400 km from the northern border with Spain. Lisbon offers a wide variety of options to the visitor, including beaches, countryside, mountains and areas of historical interest only a few kilometers away from the city centre.

Congress Venue – Lisbon Congress Center

The ECIM 2019 will take place at Lisbon Congress Centre, a pleasant and modern location, specially designed to hold large scale events of different kinds. The building offers lecture halls of different sizes, an attractive exhibition area as well as a number of rooms for spontaneous small scale meetings.

With the Tagus River nearby and close to the prestigious area of the Belém historical quarter, Lisbon Congress Centre is about 15 minutes drive from the city centre with its high number of hotels and restaurants.

**Registration fee includes:**

- Admission to the scientific sessions
- Congress material
- Lunches and coffee-breaks
- Welcome cocktail
- Certificate of attendance

**Registration cancellations:**

- Any cancellations must be sent in written to ana.pais@admedic.pt;
- Up to August 15, 2019 | A handling fee of € 50.00 is due;
- From August 16, 2019 onwards | A full invoice amount will be charged

Registrations for the conference must be made online at http://www.efim.org/ecim2019/.

For any questions regarding group registrations or online registration process, please contact Ad Médic: Ana Pais | Email: ana.pais@admedic.pt | Phone: (+351) 218429710

### Hotel Accommodation

Guest rooms have been reserved at special congress rates in various hotels in the surroundings of the congress venue and in the city centre.

For information and/or reservation please visit http://www.efim.org/ecim2019/ or send an email to paula.gomes@admedictours.pt

Course 2

Hands-on course in non-invasive ventilation (Limited to 28 participants)

Coordinators

Piedade Amaro (Portugal) and Marco Fernandes (Portugal)

Faculty

Piedade Amaro (Portugal), Marco Fernandes (Portugal) Ricardo Pinho (Portugal), Elsa Sousa (Portugal) and Tiago Leonor (Portugal)

Learning objectives

1) Characterize acute respiratory failure and its pathophysiology.
2) Recognise the indications and contraindications for non-invasive ventilation (NIV).
3) Learn how to operate the ventilator and the equipment needed to start NIV:
   a. Know the main differences between “intensive care ventilators” and NIV dedicated ventilators;
   b. Recognize the usefulness and limitations of the features on the new generation of NIV ventilators: oxygen supplementation, leak compensation and monitoring;
   c. Recognize the importance of the humidification of inspired gases, especially in intensive care ventilators;
   d. Acknowledge the significance of the exhalation port in single circuit ventilators;
   e. Distinguish exhalation ports from anti-choking devices;
   f. Know how to connect oxygen enrichers in single circuit ventilators;
   g. Know how to program the main ventilation modes and to set the alarms appropriately;
   h. Learn the clinical importance of the pressure ramp and of the inspiratory and expiratory triggers.
4) Know how to choose an interface and how to adjust it to the patient:
   a. Identify the advantages and disadvantages of full-face, oro-nasal and nasal masks;
   b. Understand the role of leaks in NIV success;
   c. Recognize and deal with leaks
5) Know how to capture the patient’s confidence to start NIV.
6) Know how to apply the necessary monitoring in NIV: a. Acknowledge the need to establish the most appropriate place to start, according to the severity and risk factors of each patient.
7) Raise awareness to the meaning of an “early start” and “early recognition of NIV failure”.
8) Recognise the importance of patient-ventilator synchrony.
9) Learn how to adjust ventilator parameters based on the patient’s response.

Methodology

Lectures; Practical sessions with the ventilator-hands on;
Clinical case scenario discussion.

Evaluation

Theoretical knowledge assessment: The final evaluation consists in the answer to a questionnaire with 100 questions (“true” or “false” response). The successful completion of the Non-Invasive Ventilation Course implies correct answer to at least 75% of the questions.

(to be continued)
Programme
08:20-08:35h  Course presentation
08:35-09:05h  Acute respiratory failure
09:05-09:35h  Oxygen therapy and Introduction to NIV – Indications and contraindications
09:35-10:20h  Ventilatory modalities I
10:20-10:35h  Coffee break
10:35-11:20h  Ventilatory modalities II
11:20-11:50h  Ventilatory interfaces and the logistics necessary to apply NIV in the acute setting
11:50-12:20h  Workshop: Patient-ventilator synchrony
12:20-13:30h  Lunch
13:30-15:30h  Practical session: Hands-on: knowing the material and programming the ventilator in different clinical situations
15:30-17:00h  Clinical case scenario: NIV in acute respiratory failure
17:00-17:30h  Theoretical knowledge assessment

09:00-17:00h  Course 3
Antibiotic therapy in clinical practice (Limited to 80 participants)

Coordinator  João Sá (Portugal)
Faculty  António Nunes (Portugal), Maria José Rei (Portugal), Bernardo Baptista (Portugal), Pedro Raimundo (Portugal), Bernardo Neves (Portugal), Anabela Raimundo (Portugal), Susana Coelho (Portugal), António Messias (Portugal), Filipa Malheiro (Portugal), Mónica Nave (Portugal) and Natália Marto (Portugal)

Learning objectives
1) Microbiology issues in clinical practice.
2) Antibiotics: Mechanisms of action, pharmacokinetic and pharmacodynamic behavior.
3) Antibiotic therapy principles.
4) Antibiotic therapy monitoring in the hospital environment.
5) Antibiotic therapy in clinical settings.
6) State of the art and future of antibiotic classes.

Methodology  Lectures; Clinical cases discussion.
Evaluation  Final assessment with a 48 questions multiple choice questionnaire. Televoting if possible.

### Course 5
**Choosing Wisely** (Limited to 30 participants)

**Coordinators**
António Vaz Carneiro (Portugal) and Bjiliana Ivanovska (North Macedonia)

**Programme**
- 13:00-13:15h Opening session
  António Vaz Carneiro (Portugal) and Bjiliana Ivanovska (North Macedonia)
- 13:15-13:45h Adoption, adaptation, and de novo development of trustworthy recommendations: GRADE
  Hugo Catalano (Argentina)
- 13:45-14:15h From Choosing Wisely to less is more: Data from an interventional approach
  Giorgio Costantino (Italy)
- 14:15-14:45h Top 5 LIST recommendations Switzerland
  Omar Kherad (Switzerland)
- 14:45-15:15h Coffee break
- 15:15-16:15h Practical cases in Choosing Wisely. The implementation of CW Russia. Practical cases in Choosing Wisely. The implementation of CW. Portugal.
  Olga Boeva (Russia) and Miguel Bigotte Vieira (Portugal)
- 16:15-16:45h Discussion
- 16:45-17:00h Final Session
  António Vaz Carneiro (Portugal)

### Course 6
**Obesity Management Task Force Course Obesity Disease Treatment**

**Coordinator**
Dror Dicker (Israel)

**Learning objectives**
1) Recognise that obesity is a chronic relapsing disease that has a multifactorial aetiology and multiple health consequences.
2) Appreciate patient perspectives and the significant issues of weight bias and stigma.
3) Appreciate clinical evaluation techniques and be cognisant of the effectiveness of various interventions including dietary, physical activity, behavioural, pharmacological and surgical approaches.
4) Be familiar with a variety of evidence-based and patient-centred tools and methods that can assist and enhance the implementation of weight management programmes.

**Programme**
- 13:00-13:30h Clinical evaluation of the patient with obesity disease in the Internal Medicine department
  Davide Carvalho (Portugal)
- 13:30-14:00h How to prepare the patient to life style changes
  Amy Ahern (UK)
- 14:00-14:30h Medical nutrition therapy
  Paula Freitas (Portugal) (to be continued)
14:30-15:00h  Evidence based physical activity prescriptions  
António Palmeiras (Portugal)

15:00-15:30h  Coffee break and free discussion

15:30-16:00h  Pharmacotherapy of obesity disease  
Dror Dicker (Israel)

16:00-16:30h  Bariatric Surgery: Indication and options  
Alex Miras (UK)

16:30-17:00h  Post Bariatric Surgery follow up – Internist point of view  
Luca Busetto (Italy)

17:00-17:10h  Conclusion

17:30-19:00h  Opening session  
Opening remarks  
Luis Campos (Congress President, Portugal), Nicola Montano (President of EFIM, Italy) and Marta Temido (Health Minister, Portugal)  
Opening lecture: The internist as a maestro  
Joana Carneiro (Portugal)  
Exhibition Hall

19:00-20:30h  Welcome reception

Friday  30 August

07:00h  Opening of registration desk

08:00-09:00h  Plenary session  
New developments in the approach to chronic heart failure  
Stefan Anker (Germany)

09:00-10:00h  Parallel session  
Chronic thromboembolic pulmonary hypertension: A complex entity  
- Diagnosis and medical therapy  
  Marion Delcroix (Belgium)  
- Pulmonary endarterectomy and pulmonary angioplasty  
  Eli Fadel (France)
09:00-10:00h  **Parallel session**  
Auditorium 2  
Changing the paradigm of hospital care  
- Co-management of surgical patients  
  *Eduardo Montero Ruiz* (Spain)  
- Hospital at home  
  *Sophia de Rooij* (the Netherlands)

10:00-10:30h  **Coffee break / Poster discussion / Young Internists Corner**  
Exhibition Hall  
**Young Internists Corner**  
Make Internal Medicine great again: Bridging the two sides of the ocean  
*Robert McLean* (USA) and *Xavier Corbella* (Spain)

10:30-11:30h  **Plenary session**  
Auditorium 1  
The impact of artificial intelligence on the future of healthcare  
*Don Detmer* (USA)

11:30-12:30h  **Parallel session**  
Auditorium 1  
Hot topics in liver disease  
- From NAFLD/NASH to autoimmune hepatitis  
  *George Dalekos* (Greece)  
- Acute on chronic liver failure  
  *John O’Grady* (UK)

11:30-12:30h  **Parallel session** (Joint session EFIM-ACP)  
Auditorium 2  
The hospital in the context of health and social network  
- European perspective  
  *Xavier Corbella* (Spain)  
- American perspective  
  *Robert M. McLean* (USA)

12:30-13:30h  **Lunch**

13:30-14:30h  **Parallel session** (Young Internists Session)  
Auditorium 1  
“Looking for Phoenix” – Dealing with burnout  
- The endemic of burnout and how should we respond  
  *Kristina Glise* (Sweden)  
- The importance of the work-life balance  
  *Ewelina Biskup* (Switzerland)
13:30-14:30h  **Parallel session**  
**Auditorium 2**
A new look at the cardiovascular risk factors and hypertension
- New cardiovascular risk factors: Clinical relevance
  *José Delgado Alves* (Portugal)
- New perspective of hypertension management
  *Ehud Grossman* (Israel)

14:30-15:30h  **Parallel session**  
**Auditorium 1**
Update on stroke
- What is new in medical approach to stroke?
  *Patrik Michel* (Switzerland)
- Vascular intervention in stroke
  *Mikael Mazighi* (France)

14:30-15:30h  **Parallel session**  
**Auditorium 2**
Challenges in the future of healthcare
- How to achieve patient centered care?
  *Rijk Gans* (the Netherlands)
- How to provide clinical relevant information at the point-of-care?
  *António Vaz Carneiro* (Portugal)

15:30-16:00h  **Coffee Break / Poster Discussion / Young Internists Corner**  
**Exhibition Hall**
Young Internists Corner
Hidden curriculum: Mentoring the next generation of doctors
*Rijk Gans* (the Netherlands) and *Kristina Glise* (Sweden)

16:00-17:00h  **Parallel session**  
**Auditorium 1**
Update on autoimmunity
- Treat-to-target in SLE: Where are we?
  *Ricard Cervera* (Spain)
- ANCA-associated vasculitis
  *Loïc Guillevin* (France)

16:00-17:00h  **Parallel session**  
**Auditorium 2**
Cancer immunotherapy: Challenges for the internist
- Immunotherapy as a powerful innovation
  *Sergio Abrignani* (Italy)
- Clinical management of adverse effects
  *Juan Martin-Liberal* (Spain)
17:00-18:00h **Parallel session**

**Doctor-patient communication**

- How communication with patients and families are essential to good decisions?
  *António Carneiro* (Portugal)

- What is the impact of technology in doctor-patient communication?
  TBC

17:00-18:00h **Parallel session (Young Internists session)**

**Drug management in 2050 – A glimpse to the future**

- State of the art and innovations in drug management for treating challenging conditions in Internal Medicine
  *Emanuele Durante-Mangoni* (Italy) and *Ieva Ruža* (Latvia)

---

**Saturday 31 August**

07:00h **Opening of registration desk**

08:00-09:00h **Plenary session**

**The impact of environmental changes on health**

- The dimension of the problem and the WHO recommendations
  *Diarmid Campbell Lendrum* (Switzerland)

- What can the healthcare professionals do?
  *Nicholas Watts* (UK)

09:00-10:00h **Parallel session**

**From hospital-acquired infections to the problem of multiresistance**

- What strategies can be used to prevent hospital-acquired infections?
  TBC

- Implementing antibiotic stewardship in hospitals to reduce AMR and HAI
  *Serhat Unal* (Turkey)

09:00-10:00h **Parallel session**

**Update in rare diseases**

- The patient’s genome – A clinical tool for the physician
  *Idit Maya* (Israel)

- Emerging treatments in rare diseases
  *Maria Domenica Capellini* (Italy)
