# EFIM Communication

Dear Friends and Colleagues,  
As we're coming to the end of the year, I would like to congratulate each of you once again. It has been a year full of challenges for us as internists and those challenges will continue in 2022. Once again, the current situation, has made it clear how important the role of internists in Europe and worldwide is assuming the crucial role in the prevention and care of the COVID-19 patients.

Dear EFIM Colleagues,  
Welcome to the Spring Newsletter,  
While the restrictions are gradually easing all over Europe and we are eager to meet face to face, we have been stricken by another tragedy, deeply saddened by the current situation in Ukraine.  
We stand together against war, for peace as a federation that brings societies and people together to advance healthcare.  
The Executive Committee, and EFIM Secretariat have been busy finalising the congress programme for the 20th ECIM in Malaga. This year we will be celebrating the 20th anniversary of the European Congress of Internal Medicine. Make sure you register to the congress and join the colleagues from Europe and worldwide.

Welcome to our Autumn newsletter!  
September and October have been extremely busy at EFIM Headquarters as we've been working on several new projects, the scientific program of ECIM 2022, the fellowship program and the launch of EFIM Academy.  
We held our first face to face meeting in Brussels with the Executive Committee and organised the 6th EFIM Day virtually. We were glad to have most of our members present during the 6th EFIM Day to discuss the issues each country is currently facing.

## EFIM and Young Internists

Published by Frauke Weidanz · 8 May at 16:17 ·

Registration for this year's European Advanced Schools of Internal Medicine will open soon

Due to the long break during the pandemic, we have planned not one but two editions for you this year: 2-4 July and 25-27 November 2022. Both will take place in beautiful Riga and will help you gain the clinical and non-technical skills for the best start to your career as an Internal Medicine specialist. Develop your communication and leadership skills in a friendly environment whilst networking with experienced residents and newly appointed Internal Medicine specialists from all over Europe! We cannot wait to meet you all...
