# **Less or More? European internists' attitudes towards end-of-life decisions**

## **A case-vignette study**

Frauke Weidanz, Georgijs Moisejevs, Carla Araujo, Ewelina Biskup, Avi Levin, Alberto Marra, Lale Ozisik, Anke von Sengbusch and Monique Slee-Valentijn, for the European Federation of Internal Medicine Young Internists Group

### **Introduction:**

Technological advances have enabled physicians to provide life-sustaining treatments even in severely ill and elderly patients with multiple comorbidities. In some patients, there is no reasonable hope of meaningful recovery and these measures may simply prolong suffering. There is however
